

DROLL YANKEES®

The World's Best Bird Feeders®

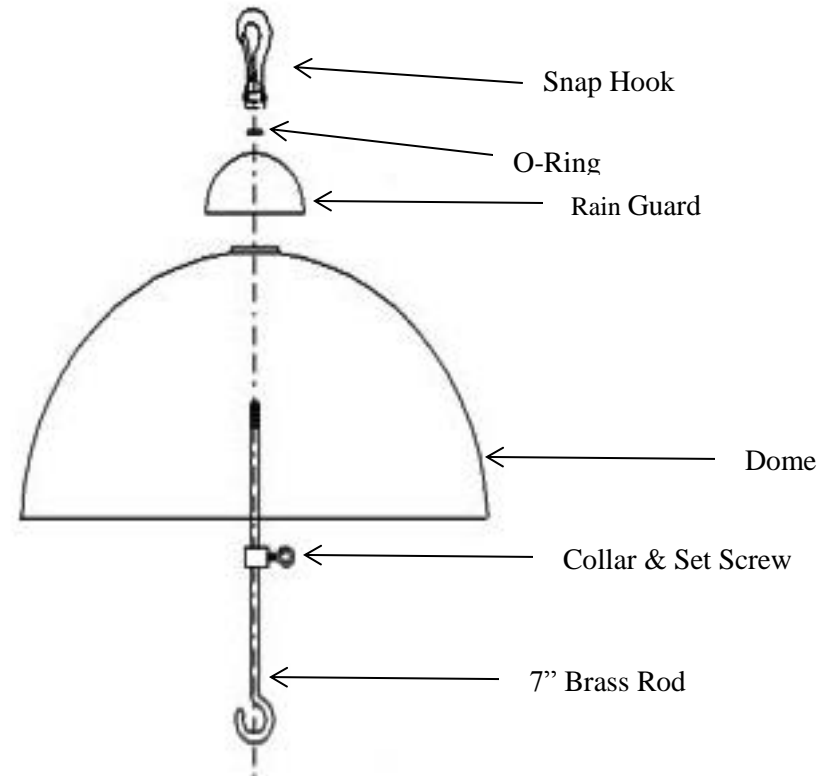

Squirrel Guard (SQG/SQBK) Assembly

You can now keep those pesky squirrels away from your feeders and save seed! Built of quality materials, the Squirrel Guard will give you years of enjoyment.

The Squirrel Guard now comes completely assembled with a shorter rod and snap hook located beneath dome.

Rod can be reversed with the snap hook on top of the rod for different hanging applications.

1. Reverse the Rod with open loop on the bottom.
2. Place the Collar and Set Screw on the Rod.
3. Insert the Rod up through the hole in the Dome.
4. Slide the Rain Guard down the Rod, allowing it to rest on the Dome.
5. Then position the O-Ring snugly against the Rain Guard to prevent rainwater from traveling down the Rod into the seed.
6. Screw the Snap Hook onto the Rod.
